Tri-Bar 1960

Presented by

The Student Organizations of

Lutheran General and Deaconess Hospitals

School of Nursing

Park Ridge and Chicago, Illinois

Dedication

The Lutheran Deaconesses

We, the Tri-Bar staff of 1960, proudly dedicate this Tri-Bar to the Lutheran Deaconesses of The Lutheran Deaconess Home and Hospital. Since this is the last Tri-Bar to be issued from The Lutheran Deaconess Hospital, we feel it only proper that this issue be dedicated to those who through prayer and faithful service have made this school possible.

We would like to thank you for

your prayers and spiritual guidance during our student years.

your untiring efforts and loving care as you nursed each one of us

back to health when members of our student body became ill.

your years of faithful service in the Pharmacy.

your part as instructors and leaders in our nursing staff.

For this and more we humbly thank you for your part in our education.

Our new classmates were so strange and unfamiliar when we met them in the fall but now... we know them almost too well. At first the thought of pharmacology, microbiology, and all the other "ologies" had a traumatizing effect on us. Sometimes when we were studying for numerous tests we wondered if we had chosen the right profession.

Thus far our greatest reward came on March 13, 1960, when we received our caps. We suddenly felt as though we were an integral part of L.D.H. This, however, is only the beginning as we eagerly anticipate experience in surgery, obstetrics, and various affiliations.

Although the steps ahead may not always be easy ones we know that God will guide us and help us to be the kind of nurse that would be pleasing unto Him.

The arrival of our Junior year found us stepping into an entirely new world with the responsibilities of being "in charge", the tensions of being introduced to new fields of nursing, and the excitement of planning for that "all important" event, the Junior-Senior banquet.

Our first new field of nursing found us in the O.R. feeling a little strange as we gowned and gloved for the first time. Surgery taught us to appreciate precision technics and to respect the term "teamwork". That missing link between "to" and "from" surgery was found through observing this important part of patient experience, and we profited by adopting a more understanding method of nursing care.

of 1961

We entered next into the field of obstetrics where the only tears shed are those of happiness. Unexplainable to us was the sense of inadequacy when watching the newborn take its first breath and the humbleness and pride when showing the infant to its parents for the first time.

Finally our year is climaxed by the Junior-Senior banquet. No more poster parties and "racking" our brains for new project ideas. The last minute confusion of coffee sales, bazaars, and spaghetti dinners was over.

Now with the departure of our Junior year and its valuable new experiences and fields of knowledge, we will feel more capable in taking the steps into our Senior year.

Steps of Achievment

Our name Lutheran Deaconess embedded in a blue background calls us to faithful, constant, unwavering service of sterling quality, daring to do the right because we know it to be true and just.

The gold edge signifies precious memories that bind us together in friendship and fellowship.

The dove, the Harbinger of God, on the background of gold, is the emblem of the Holy Spirit and symbolizes gentleness, purity and peace. It challenges us to call on His name for guidance and help that we may faithfully perform such service to those entrusted to our care that they may feel the radiance of His love.

The olive leaf brings with it new hope, new life, courage and joy.

Thus with this symbol we go forth on our path of service with a desire in our hearts to carry out courageously and faithfully the duties of our profession.

Class of 1960

The time has finally come--that event in our lives we have felt would never come. Looking ahead as Freshmen, we thought of our last year as a far off dream. As Juniors, we were so busy with class projects and classes we hardly had time to think of what should come next. Yet, here it is, the end of our last year. We have realized day by day the real meaning of our class motto: "Thus far and still farther".

Affiliations proved to be a real challenge. They gave us experience in pediatrics, psychiatry, and communicable disease nursing.

Our first stop was at The Children's Memorial Hospital, 700 W. Fullerton Avenue, Chicago. Here we spent three months learning and practicing the arts of pediatrics. How very thankful we are to all those at C.M.H. for helping us to understand and to act wisely in situations where the welfare of the child is concerned.

Next we moved to the Veterans Administration Hospital at Downey, Illinois. In our three months spent here we came to realize what mental illness is and what it can mean to those involved. We also found many instances where we as nurses educated in psychiatry can be of help to our patients, ourselves, and to those with whom we come in contact each day.

The next stop in our journey is The Municipal Tuberculosis Sanitorium in Chicago. In our six weeks here, we soon realized the importance of our role in the community concerning tuberculosis.

Lastly, we feel that we have had a most valuable experience at our new hospital, Lutheran General Hospital, Park Ridge, Illinois. Experience in this new and modern hospital has played an important part in helping us to realize the many challenges and opportunities there are in nursing today.

Yes, we are only twelve in number, but with the experience and education we have had, we feel confident that with interest and endeavor we can truly make Lutheran Deaconess and General proud of us as graduate nurses.

As we come to the end of our student experience we often think of the many people who have helped to make our three years pleasant ones. Among our most cherished memories is our class advisor Sr. Mildred. A thank you seems so small but we want to express our sincere appreciation for the many times you have advised, counseled, and consoled us. May the Lord richly bless you for all the many times your spiritual life and counsel made our path grow more precious.

Class Prophecy

Let us now step into the future and see what the class of 1960 will be doing 20 years hence.

We find Kathy Wirtz settled in a pleasant home caring for all her little cherubs while her husband, Dr. Moon, is caring for all the sick and weak of those in their country, Mars no less.

Ruth Ann Heggen has, much to our surprise, chosen to be a career woman. She has done very well for herself and now lives in Broadway with maids and butlers. To ride in one of her cadilacs is a thrill and her pure bred poodles are a real sight. She invites us all to come and see her.

Joanne Reynolds, R.N., B.S., M.A., PhD. is enlightening the young people of this generation on the facts of Anatomy and Physiology at the University of Michigan.

Annette Dale has become famous for her new wonder drug that has completely wiped out all disease and pain.

Marlys Nelson has just received her M.D. and will begin her career at Lutheran General as head surgeon.

Barbara Schultz is a very rich lady, for her new bed making devise, saving many tiring hours.

Sophie Kalmakoff resides in the White House as private nurse to the leading man and lady of our land.

Eunice Johnson has just been named "nurse of the year" for her bravery as she served in Siberia.

Phyllis Worra is assisting her husband, Dr. Fits, leading psychiatrist in the U.S. Their new project is establishing better interpersonal relationships between spacemen and earthlings.

Mary Kosin is head laboratory technician at Yale University. I believe she has just now found the cause for cancer.

Joyce Franks is head industrial nurse at the Fanny Mae candy factory.

Helen Grant in her spare time after caring for her brood, is a wedding consultant.

Last Will and Testament

We, the class of 1960, submit the following as our last will and testament. May those who receive these our talents, abilities and cherished possessions benefit from them throughout their student years.

I, Ruth Ann Heggen, will my upper bunk at M.T.S. dorm to my little sis, Sylvia Adams.

I, Eunice Johnson, will my vim, vigor, vitality and ability to sleep in class to Janet Plowman.

I, Kathy Wirtz, will my non-eventful charge duty on 2nd East to Joyce Hawthorne.

I, Phyllis Worra, will my compulsion to be punctual to ward classes to Irene Kopanke.

I, Annetta Dale, will my ability to serve on committees to Anita Larabee.

I, Marlys Nelson, will my prankful nature to Carol Honeywell.

I, Mary Kosin, will my ability to study to Phyllis Anderson.

I, Mrs. Helen Grant, will my delightful senior vacation to the next lucky future senior.

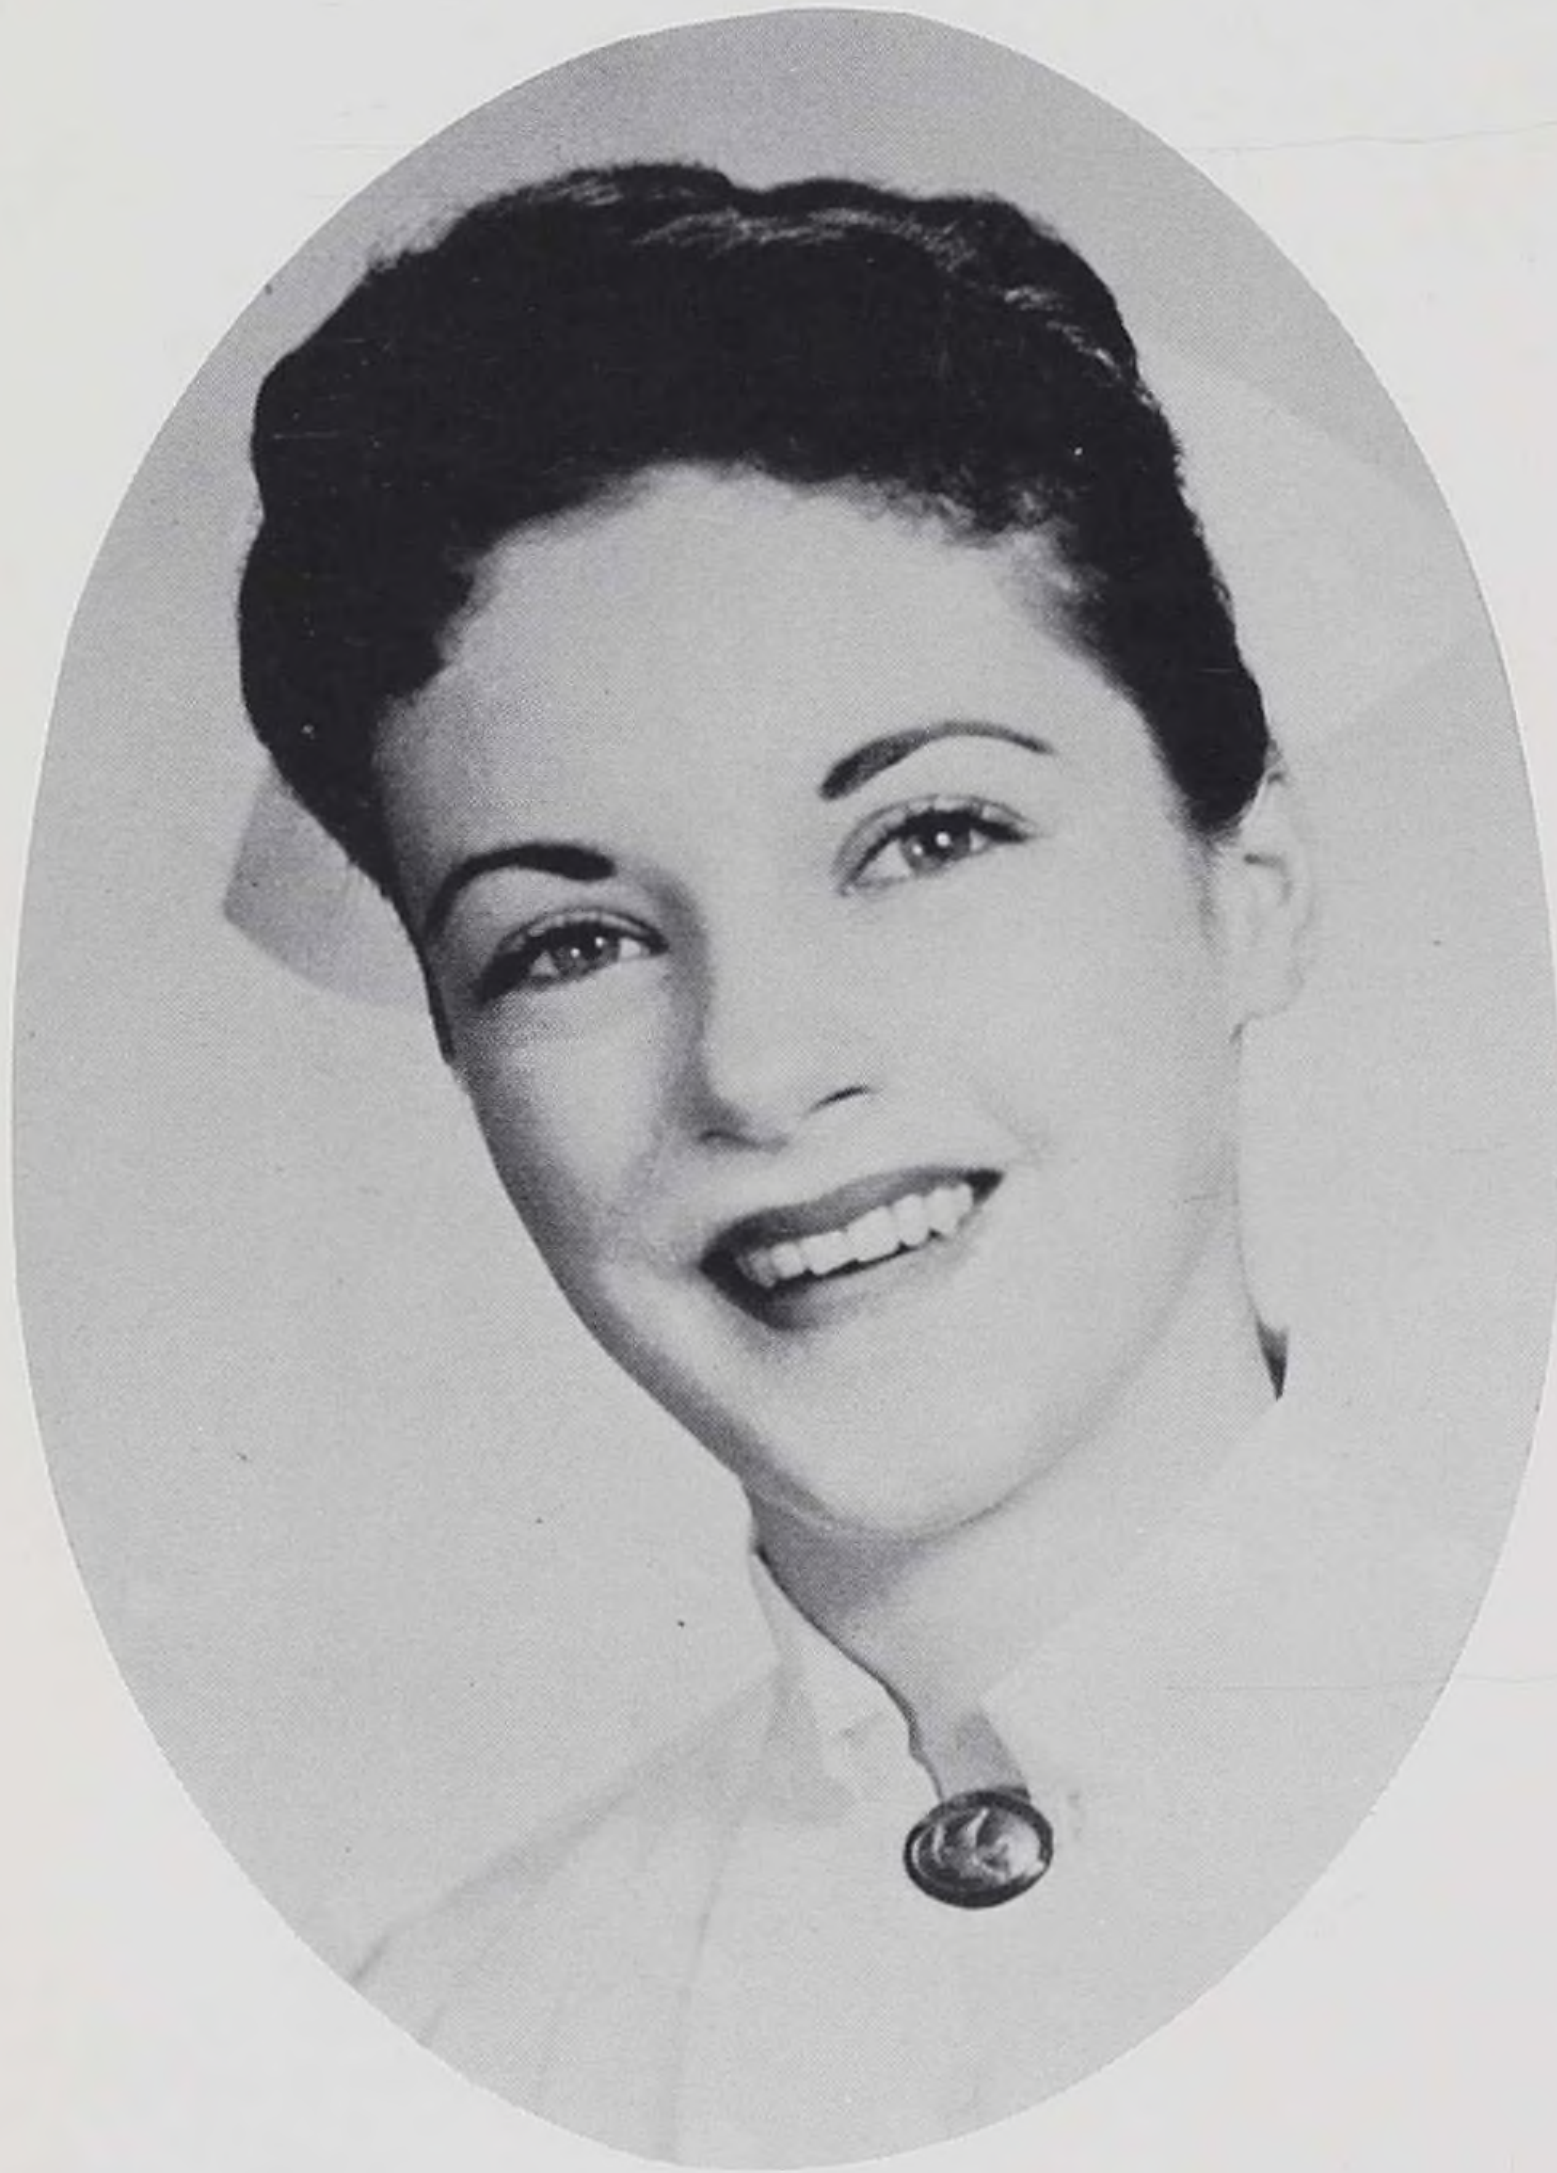

I, Joyce Franks, will my love for sweets to any tolerating figure.

I, Barbara Schultz, will my size nine figure to any dieting staff member.

I, Joanne Reynolds, will my preserved fetal pig to the coming freshman class.

I, Sophie Kalmakoff, will my dating life to Charlotte Preiss.

In Memorium

DR. GEORGE O. SOLEM

A great doctor and faithful friend has fallen.

That was the feeling at Lutheran Deaconess when word came to us that Dr. George Solem had suddenly laid down his work to go to his eternal reward. His passing on May 5th, filled our whole hospital with sorrow. We sustained a great loss. Our deep sympathy goes to his dear wife and son, and daughter and family.

Dr. Solem was a member of the medical staff of the Lutheran Deaconess Hospital for the last thirty-five years. He had endeared himself to doctors, personnel and his many patients. He led a busy life but was never too busy to give of his wise counsel.

For many years he served on the School of Nursing Council and because he was so interested in the students his contribution was always valuable. For even more years Dr. Solem was the student's physician and gave of his valuable medical service so unstintingly.

Not only the students, but deaconesses and other personnel whom he served, will always remember him with love and deep thankfulness.

This hymn was sung by students as he was laid to rest.

Still, still with Thee, when purple morning breaketh,
When the bird waketh, and the shadows flee;
Fairer than morning, lovelier than the daylight,
Dawns the sweet consciousness, I am with Thee!

So shall it be at last, in that bright morning,
When the soul waketh, and life's shadows flee;
O in that hour, fairer than daylight dawning,
Shall rise the glorious thought, I am with Thee!

Steps of Meditation

Fear thou not; for I am with thee: be not dismayed; for I am thy God: I will strengthen thee; yea, I will help thee; yea, I will uphold thee with the right hand of my righteousness.
