Educational Scholarship During a Pandemic: What Should GME Focus On?

1. Defining most critical GME-related outcomes & metrics during a pandemic
2. Achieving minimum graduation competencies
3. Learning outcomes from virtual vs. f2f teaching
4. Strengthening professionalism, resilience, and well-being via evidence-based strategies
5. Evaluating differential educ & pandemic impacts by race & age groups on patients, trainees, and faculty
6. Assessing current and future economic pandemic and social justice effects on GME programs
7. Seeking your priorities via @JournalofGME
