DIO Survey Says: The Most Important

Metrics to report in Annual Institutional Review (AIR) are:

1. Clinical Learning Environment Review
2. ACGME web data, site visit reports, and LONs
3. Faculty and resident scholarly activity
4. Institutional action plans and progress
5. Special program reviews
6. In-training examination and board pass rates
7. Faculty development activities

- National Survey of DIOs in July 2019
- 32% response rate [267/847]
- 7 performance measures achieved > 50% consensus
- < 33% reported diversity data
