**Aurora Medical Center Libraries Intranet Site (ALIS)**

Thousands of online journals, books and databases are available to you so that you can make good clinical and business decisions.

Caregivers may access the Aurora Libraries (ALIS) website at work or from home through Caregiver Connect or Epic WebLinks. Some library resources have mobile versions. On Caregiver Connect, choose Aurora Libraries (ALIS) under Places. If you are accessing Aurora Libraries remotely, you will be prompted for your Caregiver Connect user name and password to ensure only authorized caregivers are provided with access to licensed content.

Not sure what we have on your topic? Use “Resources by Subject.”

Personalize the ALIS home page to your favorite books, journals and websites.

**Facebook site**

Aurora Librarians provide consumer health book reviews and reliable health information for living well. Dialog with library staff and friends on health topics.
ALIS resources

A-Z Books
Over 1,500 books online — medical texts in all specialties, nursing books, dictionaries, quotation books and AAP’s The Redbook. Sources used are AccessMedicine, CREDOreference, EBSCO ebooks, MD Consult and OVID. Eight-page summaries of important business books are also available from Soundview Executive Book Summaries.

A-Z Journals

Anatomy Database
Primal Pictures
See and rotate layers of the body in 3D along with explanatory text, MRI views, and narrated videos. Three-dimensional interactive animations demonstrate function, biomechanics and surgical procedures. Our licensing allows for non-commercial, non-profit use of images in PowerPoint presentations, posters and coursework.

Consumer Health Databases
Health and Wellness Resource Center
Produced by Thomson Gale, the Health and Wellness Resource Center includes lay level health information from pamphlets, textbooks, popular magazines and newsletters, and some professional journals. Coverage is the most recent four years which often includes the full text.

MedlinePLUS
Authoritative consumer information from the National Library of Medicine, National Institutes of Health and other government agencies, and national associations including an illustrated medical encyclopedia, interactive patient tutorials, dictionaries, drug information and the latest medical news.

Dictionaries/General Reference
CREDOreference
It’s all here: Dotland’s Medical Dictionary, Dictionary of Medical Acronyms & Abbreviations, Rawson’s Dictionary of American Quotations, the Bible, the Qurán, U.S. Census, the Penguin Rhyming Dictionary, Bender’s Dictionary of Nutrition & Food Technology, the Columbia Encyclopedia, Roget’s Thesaurus, Collin’s Spanish Dictionary, the Dictionary of Business and much more.

Drug Databases
MICROMEDEX Including NEOFAX is an up-to-date, unbiased and referenced drug information system including information on FDA approved drugs, OTC preparations, investigational and foreign drugs, and herbal and dietary supplements. Poisoning management, drug interaction warnings, drug identification help and disease management information is included. Lay level information is provided in English and Spanish.

The Medical Letter
The Medical Letter on Drugs and Therapeutics and Treatment Guidelines offers unbiased critical evaluations of drugs with special emphasis on new drugs, and comparative reviews of previously approved drugs, without the influence of the pharmaceutical industry.

Natural Medicines
Natural Medicines is a combination of NMCD and Natural Standard, and is recommended by our pharmacists as the best source for drug herb, herb-herb interactions, and for herbal product brand names.

Facts and Comparisons
Facts and Comparisons is a comprehensive drug information compendium covering FDA-approved, OTC and investigational drugs. Useful features include Black Box warnings, patient handouts and drug identification and interaction tools.

Evidence-Based Medicine Preappraised Reviews
Clin-eguide EBM Guidelines
Find the best evidence on diagnosis, management and treatment of frequent and high cost problems occurring in primary care, prepared by a qualified team of physicians and pharmacists, and reviewed by external experts.

The Cochrane Library (Wiley)
An easy way to search the Cochrane Database of Systematic Reviews, the Database of Abstracts of Reviews of Effects (DARE), the Cochrane Central Register of Controlled Trials and more.

DISEASEDEX (MICROMEDEX)
DISEASEDEX supports disease management and treatment decisions in ambulatory and inpatient care settings.

UpToDate
UpToDate includes easy-to-use expert-based disease information with evidence rankings on the Summary Recommendations. UpToDate is now available from Epic, from home and via Mobil App. CME credits are available from Epic, Cerner and from UpToDate with CME on Caregiver Connect.

General/Business Information
Newspaper Source Plus, Business Source Premier, ERIC and other state-provided BadgerLink databases.

Soundview Executive Book Summaries
Eight-page summaries of important business books available from your computer, Smartphone, e-reader or audio player.

Medical Databases
Clinical Key
Search Elsevier resources including 500 journals and “Clinics,” 1,100 books, First Consult, Procedures Consult, Gold Standard drug information, videos, images, and patient education handouts.

MEDLINE (OVID or PubMed)
MEDLINE is a National Library of Medicine database of medicine, dentistry, nursing, veterinary medicine, and the preclinical sciences that indexes over 5,000 of the world’s biomedical journals. Coverage is from 1950 to the present. Links to online journals are available from within a subject search, and the “Find It – Request Document” feature allows you to easily order what is not online from the Aurora Libraries.
Nursing Database
CINAHL with Full Text (EBSCO)
CINAHL with Full Text is the CINAHL nursing and allied health database which indexes 3,100 journals, some going back to 1981. It also includes the full text of 600 journals. (Quick guide and tutorial available)

Psychology/Psychiatry Database
PsycINFO
PsycINFO covers the field of psychology and related disciplines from 1872 forward from journals, books, dissertations and technical reports.

Services

Ask the Librarian! www.aurorahospital.org/services/library/ask-librarian.asp
Patients, family members and the community are welcome to visit the Aurora Libraries to gather information concerning newly diagnosed conditions or about disease prevention and coping skills. Brief packets of information may also be provided by fax, U.S. mail or email. Librarians can also visit patients in their rooms. Material is for informational purposes only and should not be taken as medical advice or interpretation.

Departmental Journal and Newspaper Ordering
All Aurora magazine subscriptions are ordered through Marie Koepsel at 414-649-5972 at the Medical Library at Aurora St. Luke’s Medical Center. For self service, use the Magazine Ordering site on Caregiver Connect. Department book orders, including the ISBN number, are sent directly to the Purchasing Department at the Aurora Airport Center.

Current Awareness Service
For any topic in which you have a continuing interest, your Librarian can create and save a search strategy in an appropriate database and email updates to you at intervals of your choosing.

The Table of Contents for Administrators is a bimonthly current awareness service for Aurora managers, directors and administrators. There are also Tables of Contents for Rehapt and Nursing. Links to tables of contents for specific journals can also be emailed to you.

Use the “Staying Current” tab on the Aurora Libraries website for more ideas on how to stay current on medical topics.

Embedded Clinical Librarians
Librarians are available to join your work teams to hear questions and quickly return answers.

Interlibrary Loan
Library staff can obtain materials not available in-house through a nationwide resource-sharing network. Articles may be faxed, emailed or sent interdepartmentally.

Life Support Books
Our online form makes it easy for you to request ACLS, BLS, PALS, and NRP books. Simply go to the “Books” tab on the Aurora Libraries website and choose the “Request BLS/ACLS/PALS” link. Complete the form and submit.

Photocopy/Fax/Scan Services
Photocopy machines are available in each library. Aurora-affiliated caregivers, medical staff and students may use the photocopy machines or printers for work-related copying or faxing at no charge. Personal copying or copying by non-affiliate users may be done at .10¢/page for black and white copies, and $1/page for color copies. There is no charge for faxing or scanning.

Training
Want to learn how to use a library resource? Find the best evidence? Under “Help” on the Aurora Libraries website, sign up for online Lync classes (Intro or Advanced Nursing Resources, Rehab Resources, or Business Resources.) Call a librarian to arrange a demonstration or class on Aurora Libraries online resources, evidence-based medicine, or consumer health resources.

Verification of Bibliographies
Given one week’s notice, your Librarian will verify your list of references for the article or book chapter that you are writing.

Wireless Access
Wireless access is available at all Aurora Libraries.

Mobile Resources
Some library resources are available for mobile devices. On the Aurora Libraries website, click on the “Resources for” tab and see “Mobile Devices.”

Borrowing materials

Privileges
All caregivers and physicians of the Aurora Health Care system have borrowing privileges. Individuals must complete a form and be entered in the Aurora Libraries' database to check out materials. Print your name and employee ID number on the check-out card. Library staff will provide date due information in the book pockets.

Loan Material
Books or audiovisuals not designated as reference materials (R, BLO, REF) may circulate for 21 days. Journals do not circulate; certain exceptions are made at the discretion of the library staff, such as for making slides.

Renewal
Library material may be renewed for an additional loan period unless it is requested or reserved by another patron.

Lost Material
All books, journals, audiovisuals, etc. are the property of the Aurora Libraries, and when checked out are the responsibility of the borrower. If they are lost or destroyed, they must be replaced by the borrower. Overdue notices will be sent when materials are not returned on time. If the item has not been returned after three notices, the cost of the item and a $15 processing fee will be charged.

Collection
Over 24,000 books, 1,500 online
100 active print journal subscriptions, 15,000+ online
Over 600 audiovisuals
