Hours:
8:00 A.M. - 4:00 P.M., Monday - Friday

Aurora Libraries CLOSED:
New Year's Day, Memorial Day, July 4th, Labor Day, Thanksgiving Day, Christmas Day
Mission Statement:

The Aurora Libraries are dedicated to providing quality health care-related information to all Aurora-associated administrators, medical and house staff, nurses, allied health professionals, employees and students for work-related patient care or research, or in support of affiliated educational programs. The Aurora Libraries also recognize and support the patient's right to health care information.

The information-gathering services of the Aurora Libraries are provided to Aurora Health Care professionals and affiliated students because Aurora Health Care believes that information leads to better decision making which, in turn, contributes to cost-effective and high quality patient care.

— Taken from the Mission Statement of the Aurora Health Care Libraries

Collection:

Over 15,000 books, 50 online
700 active journal subscriptions, 300 online
Over 2,500 audiovisuals

Statistics:

31,104 Reference questions/year
13,344 Interlibrary loans received for customers/year
44,484 Uses of OVID Databases
2,844 Literature searches run by Librarians/year
45,780 Material shelved
1,056 Patient/community questions/year
75,600 Visits to the Aurora Libraries Intranet Site (ALIS)*

*Borrowing Materials:

All members of the Aurora Health Care system have borrowing privileges.

Loan Material
Books or audiovisuals not designated R, RLO, or REF may circulate for 14 days. Journals do not circulate; certain exceptions made at the discretion of the library staff such as for making slides.

Renewal
Library material may be renewed for an additional loan period unless it is requested or reserved by another patron.

Withdrawal of Material
Print your name, department, and phone number on the check-out card. Library staff will give you date due cards to insert in the book pockets.

Lost Material
Books, journals, audiovisuals, etc. are the responsibility of the borrower and if they are lost they must be replaced by the borrower.

Overdue notices will be sent when materials are not returned on time. If the item has not been returned after three notices, the cost of the item and a $10 processing fee will be charged or taken as a payroll deduction.
Services:

Reference Service
Call your librarian for a quick fact from a directory, dictionary, statistical source, or textbook.

Database Searches
The Aurora Libraries have access to hundreds of biomedical, business, education, and news databases through OVID and DIALOG. A list of articles on your topic can be provided by the Librarian to meet your time frames.

Interlibrary Loan
Library staff can obtain materials not available in-house through a nationwide resource-sharing network. Articles may be faxed for urgent patient care or administrative needs.

Current Awareness Service
For any topic in which you have a continuing interest, your librarian can create and save a search strategy in an appropriate database and mail or e-mail monthly updates to you.

The Table of Contents for Administrators is a bimonthly current awareness service for Aurora managers, directors, and administrators. There is also a Table of Contents for Rehab and Nursing.

Aurora Libraries Intranet Site (ALIS)
Access to the Aurora Libraries Intranet Site (ALIS) from your office or home computer is available. No password is needed at work. Call the I.S. Help Desk at (414) 647-3520 to receive a password and the VPN client to access ALIS with your ISP. Hundreds of online journals, books, and databases await you. Call your librarian for training.

Verification of Bibliographies
Given one week's notice, your Librarian will verify your list of references for the article or book chapter that you are writing.

Photocopy Services
Photocopy machines are available in each Library. Aurora-affiliated employees, medical staff, and students may use the photocopy machines or printers for work-related copying at no charge. Personal copying or copying by non-affiliated users may be done at $0.10/page.

Book and Journal Ordering
All Aurora magazine subscriptions are ordered through Linda Rogge at (414) 649-5972 at the Medical Library at St. Luke's Medical Center. Department book orders, including the ISBN number, are sent directly to the Purchasing Department at the Heil Center.

Health Information Service
Patients, family members, and the community in eastern Wisconsin are welcome to come to the Aurora Libraries to gather information concerning newly diagnosed conditions or about disease prevention and coping skills. Brief packets of information may be mailed. Material provided is for informational purposes only and should not be taken as medical advice or interpretation. (Research for school papers is the responsibility of the student.)

Alphabetical Order

Databases Using OVID Technologies Menu-Driven Software

MEDLINE
MEDLINE is a National Library of Medicine (NLM) database of medicine, dentistry, nursing, veterinary medicine, and the preclinical sciences that indexes over 4000 of the world's biomedical journals. Coverage is from 1966 to the present. Abstracts (if available) have been indexed with medical subject headings (MeSH) from a controlled vocabulary arranged in hierarchical tree structures. MEDLINE contains all citations published in Index Medicus and is the primary biomedical database in use in the United States.

CLINPSYC
A ten-year rolling file of references from the journal literature in clinical and medical psychology.

CLINICAL EVIDENCE
From the publisher of BMJ, Clinical Evidence summarizes the latest research evidence on the effectiveness of common treatments and prevention strategies.

MEDWEAVER
MedWeaver is a sophisticated decision support tool that combines differential diagnosis, assisted literature searching, and Web exploration. Enter symptoms and see likely diagnoses.

NURSING-CINAHL
CINAHL (Cumulative Index to Nursing and Allied Health Literature) is a non-NLM database that indexes over 900 nursing and allied health journals, publications of the American Nurses' Association and the National League for Nursing, relevant articles from MEDLINE and from other journals as well. Coverage is from 1983 on.

OTHER OVID DATABASES
Evidence-based medicine reviews, Books@OVID, JOURNALS@OVID
MD Consult
MD Consult includes the full text of over 35 medical textbooks, thousands of practice guidelines, and up-to-date medical news.

POISINDEX
The POISINDEX System is a detailed toxicology database designed to identify and provide ingredient information for over one-half million domestic and foreign commercial substances. The POISINDEX System also provides detailed symptomatology and management/treatment protocols in the event of a toxicology problem due to ingestion, dermal absorption, eye exposure, or inhalation of any of the substances listed.

DRUGDEX
The DRUGDEX System is an up-to-date, unbiased, and referenced drug information system. This system includes both Drug Evaluation Monographs and Drug Consults on investigation, foreign, FDA approved, and OTC preparations. This system is indexed by U.S. and foreign brand/trade names, generic names, and disease states.

ALTMEDDEX
ALTMEDDEX includes information on herbal and dietary supplements.

CARE NOTES
CARE NOTES provides lay-level information on selected illnesses, injuries, and drugs.

NATURAL MEDICINES COMPREHENSIVE DATABASE
Recommended by our pharmacists at the best source for drug-herb, herb-herb interactions, and for herbal product brand name.

SAM-CD
SAM-CD is the online counterpart to the full Scientific American internal medicine textbook.

HEALTH REFERENCE CENTER
The HEALTH REFERENCE CENTER database produced by Information Access Co. is consumer-oriented and includes health information from pamphlets, textbooks, popular magazines and newsletters, and some professional journals. Coverage is the most recent four years and the full text of these easy-to-read materials is often available online.

WELL CONNECTED
Comprehensive high school level consumer reviews on common diseases and wellness issues reviewed by Harvard Medical School and Massachusetts General Hospital. Reports are available in English or Spanish.

ALICAT
The AURORA LIBRARIES BOOK CATALOG is an online book and audiovisual catalog to the collections of the St. Luke's, Sheboygan Memorial, West Allis Memorial, Aurora Medical Center in Hartford and Aurora Sinai Libraries; Organizational Development; Nutrition Services; Women's Health Care; and the Vince Lombardi Cancer Centers.

BADGERLINK
BADGERLINK databases, provided free by the state of Wisconsin, are good sources for general magazine, newspaper, business, education, and government information.
