**Evangelical School of Nursing**

## EVANGELICAL SCHOOL OF NURSING

*Since the Evangelical School of Nursing accepted the first students in 1911 over 1,000 young women have been educated in the field of nursing. The school moved from the original location to a new educational complex built to accomodate 150 students in 1965. In addition to an affiliation with a facility of Suburban Cook County Sanitarium, the students receive their clinical experience at Christ Community Hospital and academic courses at Elmhurst College. The nursing program is constantly restructured to keep abreast of the changing philosophy of Nursing Education and the rapid advances in medical and allied sciences.*

an do

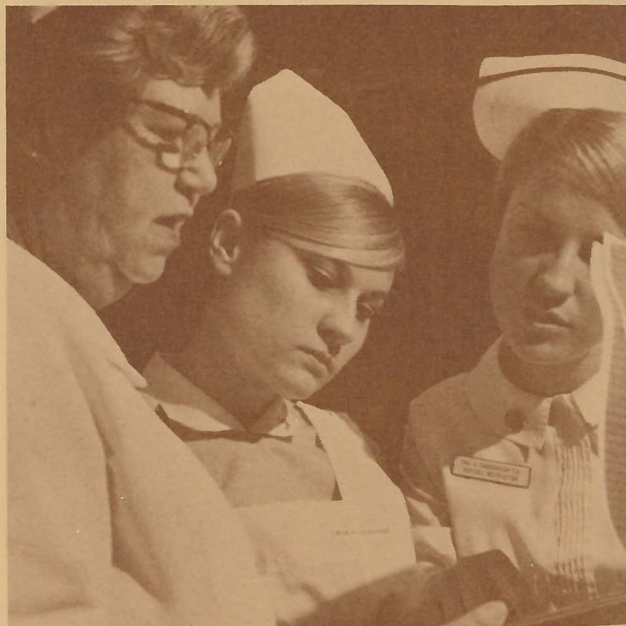

*'I like it, because you get right into it and learn as you're doing it'.*

*'Understanding, we develop more of that too, after we understand why a patient has pain'.*

*'There are so many things we can do for them'.*

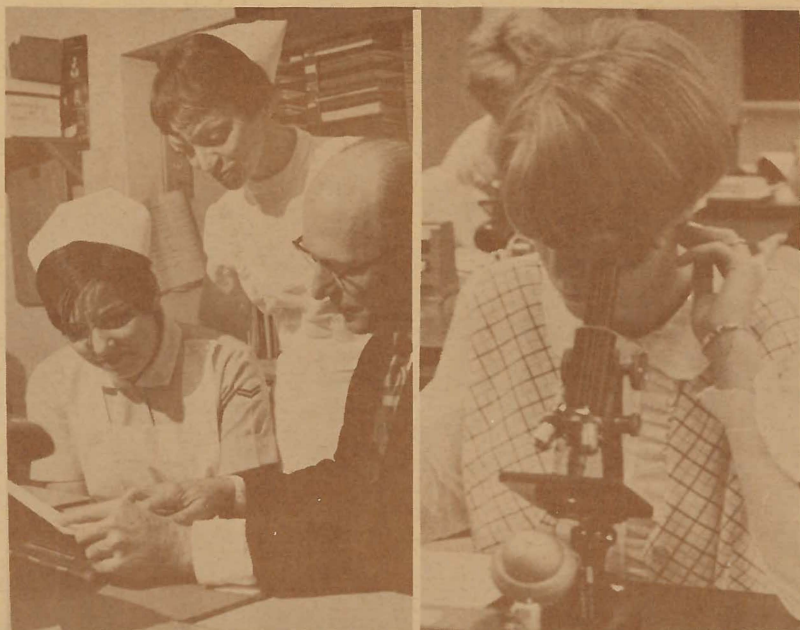

# Evangelical School of Nursing

*'It's so rewarding, when you can make a patient more comfortable.'*

*'You feel you've really accomplished something, it gives you a real challenge'*

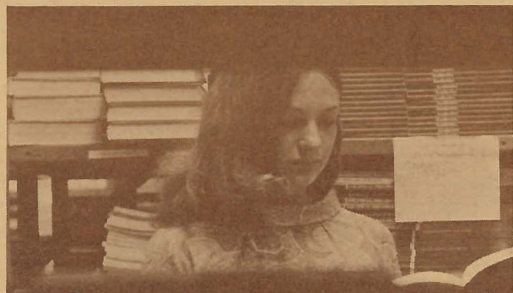

*'They appreciate the care so much'.*

*'You feel like you're worthwhile'*

*'We are a part of the nursing team'.*
