Advocate Health – Midwest Library
Background

**Advocate Health – Midwest Library**
- Provides library services and resources to over 130,000 teammates in the Midwest Region
- Teammates include 2600+ researchers and published authors

**Institutional Repository (IR)**
- Hosted in Digital Commons
- Managed by Library staff since 2013
- ~7000 documents/records

**Annual Scientific Day Conference**
- Conference content, i.e. posters and presentations are hosted in our IR
- Conference presenters are Advocate Health graduate medical education residents, fellows, and faculty *
  * Library key stakeholder group
- Scientific Day Committee was looking for more ways to promote engagement across organization
The request

Fan Favorite Award for Posters

• Simple & easy to use
• Voting open to conference attendees and IR visitors

Digital Commons does not have a built-in voting system

• Their proposed “link” solution could send data to an email address
• Stakeholders wanted something more visually appealing/obvious
Getting creative: The solution

Cast your Fan Favorite Vote in 2 steps:
1. Click the “Vote” image to go to a preselected LibWizard Form
2. Click Vote in LibWizard

Poster uploaded to the IR

LibWizard Form

Fan Favorite Award - General Posters, Scientific Day 2023

Your selection has been made for you. Please click Vote at bottom of screen to finalize.

- **Kriely IR, Rozich N, Kirschner R, et al.** Transhiatal Esophagectomy With Transcervical Endoscopic Esophageal Mobilization is a Minimally Invasive Technique for Esophagectomy With Favorable Oncologic and Perioperative Outcomes. Poster presented at: Advocate Aurora Health Scientific Day; May 24, 2023; virtual webinar hosted in Milwaukee, WI.

- **Ashraf M, Jan MF, Jahangir A, et al.** External Validation of Toronto and Mayo Hypertrophic Cardiomyopathy Predictive Models for Pathogenic Mutation. Poster presented at: Advocate Aurora Health Scientific Day; May 24, 2023; virtual webinar hosted in Milwaukee, WI.

## Batch revisions

- **Kriely IR, Rozich N, Kirschner R, et al.** Transhiatal Esophagectomy With Transcervical Endoscopic Esophageal Mobilization is a Minimally Invasive Technique for Esophagectomy With Favorable Oncologic and Perioperative Outcomes. Poster presented at: Advocate Aurora Health Scientific Day; May 24, 2023; virtual webinar hosted in Milwaukee, WI.

- **Ashraf M, Bajwa TK, Allagaband SQ, et al.** Age-Based Trends in the Outcomes of Percutaneous Left Atrial Appendage Occlusion – Insights from Real-World Database. Poster presented at: Advocate Aurora Health Scientific Day; May 24, 2023; virtual webinar hosted in Milwaukee, WI.
Lessons learned & future plans

Lessons
- Allow enough time for vote tallying
- To prevent duplicate votes – collect IP addresses

Future Plans
- Uses outside of Digital Commons (voting links in program PDF)
- Adding QR codes to printed posters for in person events
